

OUR MISSION

GIVING LIFE TO THE LEAST OF THESE

HHK World Mission Center strives to...

Contribute to world evangelism by educating and bringing aid to the poor and neglected children of the world.

Equip and train Spirit-filled Sunday school teachers and servants of the Word. We pray that they will join our efforts to make disciples of "Children of Jesus" to embrace God's Global Vision of Salvation and grow up as mighty warriors and faithful servants of God.

Plant COJ Children's Centers in different countries to provide education and services that increase children's physical, mental, and spiritual health and freedom.
